

REMARKS

Reconsideration of the Office Action of October 21, 2009 is respectfully requested.

In the Office Action, an objection was raised against the drawings as including a non-described reference number 24. In the present amendment, there has been included description describing the stepped recess designated by reference number 24. Thus, it is respectfully submitted that the drawings currently are acceptable as originally filed and that no new matter has been introduced based on the support provided in the original application for the reference number 24 feature shown and referenced in Figure 1.

In the Office Action, claims 1 and 5-8 were rejected under the prior art while claims 9 to 24 were noted as being allowable. In the present Amendment claims 1 and 5-8 have been canceled. Thus, it is respectfully submitted that all remaining claims stand in condition for allowance.

Accordingly, it is respectfully submitted that this application in its entirety now is in condition for allowance. No fees are believed to be due for consideration of this amendment. In the event that additional fees are necessary to prevent abandonment of this application, then such fees required therefore are hereby authorized to be charged to Deposit Account No. 02-4300, Attorney Docket No. 034257R002.

Respectfully submitted,

SMITH, GAMBRELL & RUSSELL, LLP
